WITH PRIDE IN THE TOWN  
Dear Catriona

Please understand these tax on developers will continue to restrict such developers and leave them no alternative, than to continue to build sub-standard developments like pre-fab designs in and around watford.....the council need to encourage more developments, and building with a better build quality the will last a 100 years, not 10-15 years, thus collecting council tax levy etc thus acquiring more funds for the Borough
