

Transforming Travel in Watford

Q4 Highlights

- Delivery of the new EV charging points progressing – 50% complete.
- Bid for further EV funding successful.
- Car club launched – bays in Sutton Road and Granville Road are in use.
- Final designs for the Whippendell Parade improvements prepared.
- Watford's Green Loop cycle route immersive virtual reality (VR) bike ride continues to be well received.
- Cycle forum held 14/03/24 with representatives from SPOKES, Watford Cycle Hub, Beryl bikes, HCC.

Watford's car club launched

£592,500 grant funding used to install 79 new EV chargers for public use across Watford

Q1 Priorities

- Agree communications strategy for the new car club. Launch Queens Road and Woodford Road bays.
- Whippendell Parade improvements – engagement on final designs post elections.
- Additional locations considered for car club expansion.
- Green Loop implementation plan to be finalised following site visit April 2024.

Cycle forum held in March with approximately 30 attendees.

Road safety improvements complete at Water Lane junction with High Street. Junction rearranged to encourage slower vehicle speeds and improve visibility of cyclists.
