

# Watford Borough Council Annual Infrastructure Funding Statement

For  
Community Infrastructure Levy and Section  
106

Reporting Period:  
From 01 April 2024 to 31 March 2025

Published: December 2025

## Introduction

**The Infrastructure Funding Statement (IFS) is an annual report that is required to be published by 31st December each year.**

This report is produced by Watford Borough Council and provides a summary of financial developer contributions secured either through Section 106 Agreements or Community Infrastructure Levy (CIL) payments for the financial year 2024/25.

It does not include information on contributions listed within Section 106 Agreements payable directly to Hertfordshire County Council or on infrastructure that is delivered under Section 78 agreements, or directly by developers.

The report is split into three sections:

- Community Infrastructure Levy Matters
- S106 Matters
- Appendix 1 – Required IFS Information

Please note the information reported in this document is the most accurate information available at the time of publication (December 2025).

## Community Infrastructure Levy

Watford became a Community Infrastructure Levy (CIL) Charging Authority on 1 April 2015. CIL is the main way in which the council now collects contributions from developers for infrastructure provision to support development in the Local Plan.

Our CIL income is split in accordance with the regulations in the following way:

- 5% is used to administer CIL in Watford.
- 15% of the money received will be spent on priorities to address demands that new development places on our neighbourhoods in Watford. This portion of the income is referred to as Neighbourhood CIL (NCIL).
- The remaining 80%, will be spent on infrastructure projects that benefit the whole borough. This is referred to as Watford's Strategic CIL.

## Community Infrastructure Levy Matters

### Amount of CIL collected in previous years

Table 1

Year	Amount collected
2015/16	£160,275.84
2016/17	£421,060.02
2017/18	£762,986.63
2018/19	£1,442,328.15
2019/20	£3,270,390.10
2020/21	£3,029,271.00

## Neighbourhood CIL

As Watford is not parished, the neighbourhood portion received is set aside by the council to spend on community infrastructure projects.

The following priorities have been identified for Neighbourhood CIL spending.

### NEIGHBOURHOOD CIL PRIORITIES

- Town and local centres
- Transport and roads
- Community spaces and cultural facilities
- Parks and green spaces
- Sustainability and Climate Change initiatives

Our first programme of allocating NCIL was launched in June 2022 with our new 'Neighbourhood Grant' process.

In 2024/25, a total of £299,591 from Neighbourhood CIL was allocated and distributed between 20 local infrastructure projects as follows:

### Strategic CIL projects

In 24/25, a total of £144,218.74 was allocated as follows:

- **Green Loop cycle route** - £61,500.55 to fund the Green Loop cycle route, a 6.5-mile continuous cycling and walking route connecting the town's vibrant urban landscape with its serene open spaces and heritage sites. The route, which offers a scenic, eco-friendly alternative to driving, features newly installed signs and wayfinding totems that will guide users around the loop.
- **Watford to Croxley Link** - A £82,718.19 contribution towards feasibility work to look at the options available for the disused rail corridor between Croxley and Watford.

## S106 Planning obligations

Under section 106 (s106) of the Town and Country Planning Act 1990 a Local Planning Authority (LPA) can mitigate the potential impacts of new development through planning obligations when it is considered that the impacts cannot be appropriately mitigated through conditions on the planning permission.

The obligations may be provided by the developers “in kind” – that is, where the developer builds or directly provides the matters necessary to fulfil the obligation e.g. this might be to build a certain number of affordable homes on- site. Alternatively, planning obligations can be met in the form of financial payments to the Council to provide off-site infrastructure works or contributions towards providing affordable housing elsewhere in the Borough. In some cases, it can be a combination of both on-site provision and off-site financial contributions.

The obligations within a S106 agreement must meet three legal tests;

- Necessary to make the development acceptable in planning terms;
- Directly related to the development; and
- Fairly and reasonably related in scale and kind to the development.

Due to these tests, contributions secured through s106 agreements will normally be subject to more detailed restrictions in terms of how these contributions can be allocated and spent.

Obligations requested by Hertfordshire County Council (as service provider) are often included within the S106 agreement and are paid directly to them. This report does not include information on contributions listed within

Section 106 Agreements payable directly to Hertfordshire County Council or on infrastructure that is delivered under Section 78 agreements, or directly by developers.
