Dear Resident,

Subject: Proposed introduction of loading restrictions on Greenbank Road

Concerns have been raised from residents to Ward Councillors regarding dangerous parking on a bend along Greenbank Road, between Nos. 53 and 55, where vehicles are observed to frequently park on the carriageway/kerb which is adjacent to a lay-by on opposite side of the road. When both areas are occupied, visibility for drivers—particularly those travelling towards Holy Rood School—is significantly reduced, creating a blind spot and causing congestion that presents a safety risk.

Although the area in question is currently protected by *No Waiting at Any Time* (double yellow line) restrictions, vehicles, including Blue Badge holders, continue to park there, undermining the effectiveness of the existing controls.

It is therefore proposed to introduce *No Loading at Any Time* restrictions alongside the existing double yellow lines. This additional measure would further deter parking including by Blue Badge holders, help maintain clear sightlines, and improve safety and traffic flow.

A plan (Drawing Reference **WRR26/IF/NA6**) showing the proposal is attached for your review.

As part of this informal consultation, residents are invited to comment on the proposals. If you wish to do so, please contact us by telephone or email at parkingconsultation@watford.gov.uk. The deadline for responses is **Friday 13th February 2026**.

As local residents, your views are important and all responses received will be reviewed with the Portfolio Holder and your local Ward Councillors, prior to making any decision on whether to proceed to the final statutory consultation stage.

Yours faithfully,

Norma Adjepong

Traffic Engineer.
