INTERNAL VERIFICATION SHEET – REMOVE BEFORE PUBLICATION

This page is an internal drafting aid and must not be published. The public-facing table above contains only details currently established from the supplied 16 October tracker, online application report and selected application PDFs. “To confirm” is not a council determination.

Outstanding fields and applications

- Confirm the actual most recently published bulletin. Council downloads search lists the 09.10.26 tracker; compare entries to avoid republication if not required.
- Confirm each premises' ward, application status, notice type (standard/late), event times, closing date where applicable and case officer in Uniform / the licence file.
- Confirm whether 1808517 and 1808529 are duplicated submissions or separate actions: both show authority ref 26/01361/PREMV. Only one provisional Asda row is included.
- Check incomplete TEN submissions within cutoff: 1808524 (13 October); 1809966, 1809989 and 1809991 (16 October). They are not inserted into the public table without venue/event details.
- Confirm the TEN for The Royal Oak (1809068) and M.L.A Group Holdings (1808704), especially the actual premises, dates, activities and hours.
- Confirm whether the 10 October transfer 1807688 was already included in the 09 October bulletin (it could not have been if first submitted 10 October); venue details required.
- Check submissions dated 9 October (1807625 and 1807595) against the published 09 October tracker before adding; out-of-borough cases 1807548 and 1806076 are excluded.
- Exclude annual premises-fee payments 1808667 and 1808669: payments are not new licensable applications. Exclude duplicate copy of 1808637 notice.
- Entries submitted on 19 October (1810455, 1810654, 1810665, 1810669) are excluded because they postdate the bulletin cutoff.
- Check the Old Bank entry carried over in the supplied template (closing date 14 October; “Granted as applied”) is still appropriate for publication.
- Before IT upload: remove this page and the DRAFT line, validate public details, then save as PDF.

Online report reconciliation

Two supplied reports (run 19 and 20 October) overlap heavily. Each system reference is treated once; the later report is used for authority-reference updates. The two Prince George documents with suffix “(1)” refer to the same 14 November event and are counted once.
