

LARGER HOUSEHOLD WASTE BIN REQUEST

Provided on behalf of Watford Borough Council

Before completing this form please read the 'Frequently Asked Questions' on the reverse of this form to check your entitlement to a larger bin. Over 60% of household waste can be recycled and shouldn't go in the black bin - please make sure you are recycling using your brown food bin and blue-lidded recycling bin. For information on what you can recycle at home visit www.watford.gov.uk/recycling

If you are applying for a larger bin for healthcare waste please find out more about the services we offer at www.watford.gov.uk/clinicalwaste

Frequently Asked Questions - Larger Black Wheelie Bin

1) There are four people or less permanently living at my home. Can I have a larger bin?

No. The 140 litre black bin emptied every two weeks should provide enough space to last each household for two weeks. Make sure you are recycling using your brown food bin and blue-lidded recycling bin. If you have children in nappies, for more advice on what to do with this waste please visit www.watford.gov.uk/extrarubbish

2) There are five people permanently living at my home. Can I have a larger bin?

Yes - but please check that you are recycling using your brown food bin and blue-lidded recycling bin. Check what can be recycled at www.watford.gov.uk/recycling

3) I am a child-minder working from my own home. Can I have a larger bin?

No but If you look after young children in nappies you can use nappy sacks. Find out more at www.watford.gov.uk/extrarubbish

4) There are four people or less permanently living at my home. However, one or more of us has a condition that means we create extra non-recyclable rubbish. Can I have a larger bin?

We appreciate that sometimes extra rubbish is generated due to medical reasons. For more information please visit www.watford.gov.uk/clinicalwaste or contact us on 0203 567 6900 to discuss your needs.
